Experience should teach us to be most on our guard to protect liberty when the government's purposes are beneficent. Men born to freedom are naturally alert to repel invasion of their liberty by evil-minded rulers.

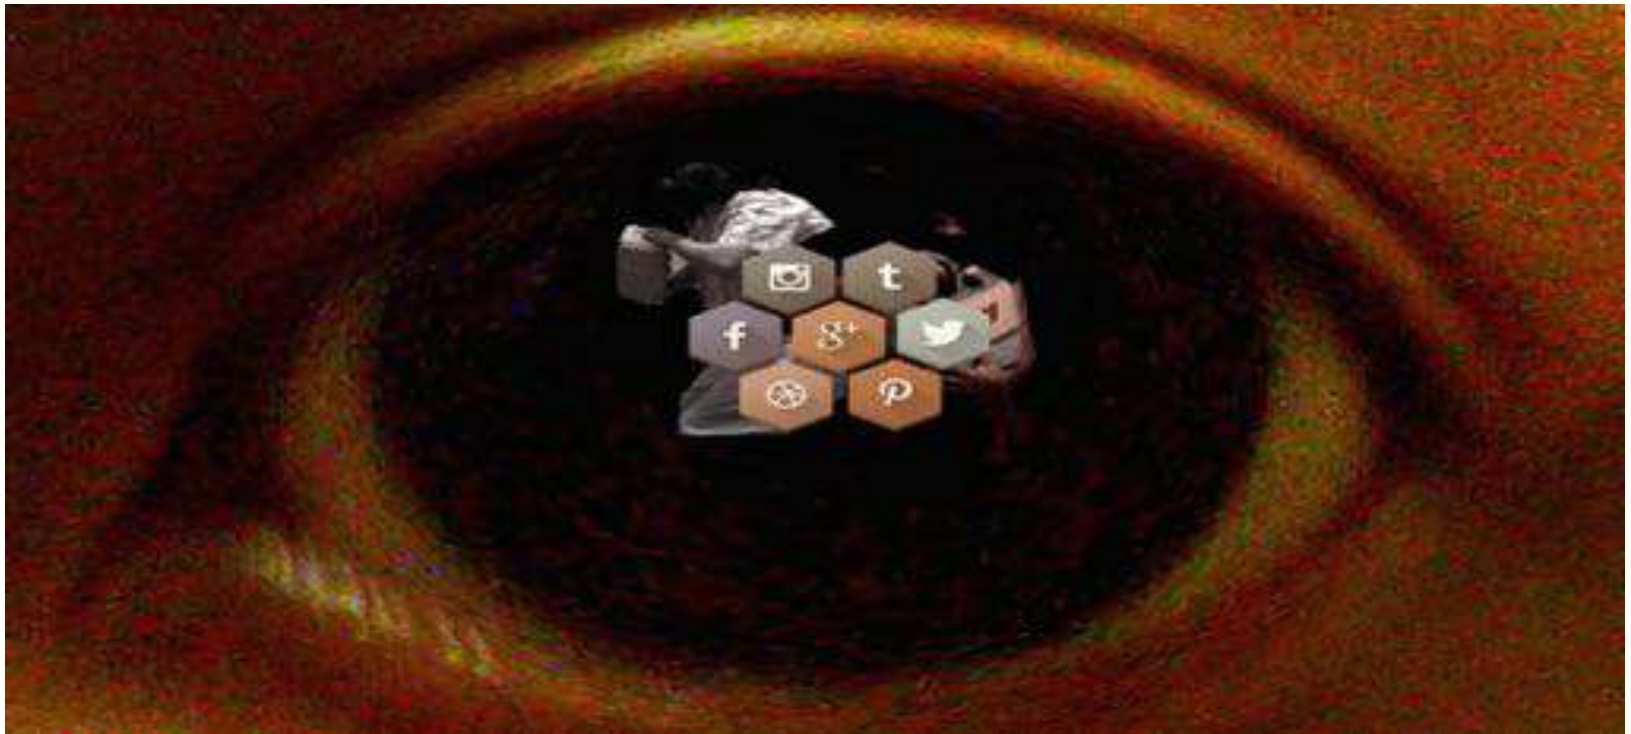

The greatest dangers to liberty lurk in insidious encroachment by men of zeal, well-meaning but without understanding.

Did Gawker Invade Hulk Hogan's Privacy With Sex Tape Publication?

By Ephrat Livni, Esq. on March 7, 2016 3:00 PM

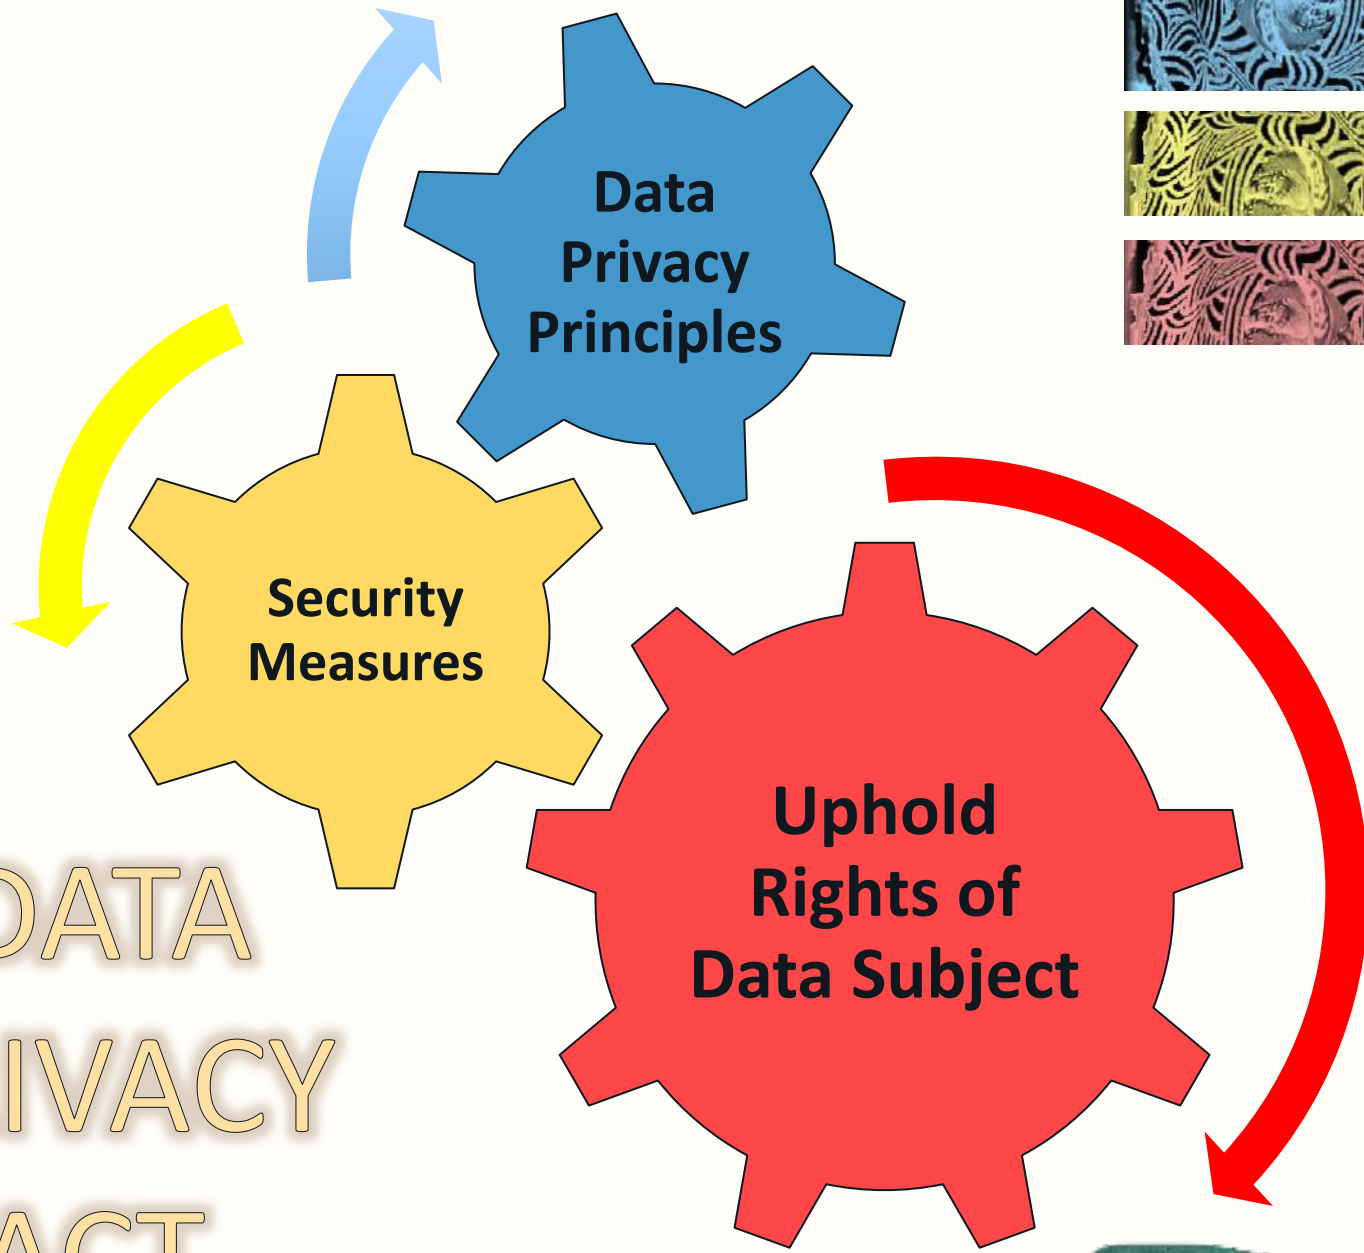

Former wrestler Hulk Hogan is taking on a different kind of opponent today, Gawker Media. Opening statements were heard in his suit in Florida against the website for posting a sex tape that shows him sleeping with shock jock Bubba the Love Sponge's wife in 2012, according to Reuters.

"They have essentially replaced sticks and stones with clicks and phones," Hogan's attorney said of Gawker. The Hulk and the Love Sponge were best friends before the scandal, one of a few for Hogan. They aren't anymore and Hogan says Gawker invaded his privacy by publicizing the tape. Here's the story, and why Gawker claims it was just reporting.

! What happens in Daisy's Destruction?

Prosecutors told the court that Scully allegedly directed a video called 'Daisy's Destruction' where a baby girl was tortured by a masked and naked woman.

It allegedly showed the baby girl being tied upside down by her feet, sexually assaulted and beaten.

In the series of videos, she is whipped and assaulted with sex toys by Peter Scully's girlfriend – who he met when she herself was a child prostitute.

Princess wins landmark privacy ruling

Princess Caroline of [Monaco](#) today won a landmark legal victory when Europe's top human rights court ruled that the German press had violated her right to privacy by publishing photographs of her and her children.

The European court of human rights condemned Germany's constitutional court for allowing publication of the pictures four and a half years ago and said there had been no "legitimate interest" in her private life.

Freedom of the press is crucial and so inextricably woven into the right to free speech and free expression, that any attempt to restrict it must be met with an examination so critical that only a danger that is clear and present would be allowed to curtail it.
