**TERMS OF REFERENCE
FOR THE PROCUREMENT OF CUSTOMIZED WALL STICKERS**

I. BACKGROUND

The National Privacy Commission (NPC) is mandated to administer and implement the Data Privacy Act of 2012 (DPA). NPC is also tasked to inform and educate the public on data privacy, data protection, and fair information rights and responsibilities as stated in the Section 9.c of the Implementing Rules and Regulations of the DPA.

The Public Assistance and Information Division (PIAD) is responsible for information management, including publications and website maintenance, and the provision of public services in the Commission. To fulfill these tasks, the division will develop, implement, and organize various activities, programs, and projects.

In this regard, the division proposes to procure customized wall stickers for the office space of the National Privacy Commission.

II. PURPOSE OF THE PROCUREMENT

The purpose of procuring customized wall stickers is to supplement and enhance the design of the NPC office space. These shall help improve visuals and display important office information such as the names of each NPC office/division and other relevant details.

The use of wall stickers is increasingly present in both office and living spaces because of its contemporary feel to interior decoration. In comparison to its more traditional counterparts such as paint, it is low-cost and can be installed (and removed) easily and quickly without the mess or drying time.

These also serve as a physical security measure which helps protect office equipment, devices and documents which may contain personal data of NPC employees and clients.
